PROJECTS REPOSITORIES

• Online Library Management System (Laravel), https://github.com/Seham-Mohsen-84/Students_System, Two modules: Admin & Student (admin manages books/users; student registers, borrows, returns). Implemented CRUD for books & users, dashboards, and role-based access. PHP 8.1, Laravel, MySQL, Blade, Bootstrap.

• NTI Final Project - Blog App (Laravel 12), https://github.com/Seham-Mohsen-84/Summer-Training-NTI, Auth (register/login) + full article CRUD via MVC (routes, controllers, Blade). Personal dashboard (totals, latest posts, quick actions). PHP 8.x, Laravel, MySQL, Bootstrap.

• University System - Native PHP + MySQL, https://github.com/Seham-Mohsen-84/Summer-Training-NTI/tree/main/training_system, Built schema (students, courses, grades) and PHP CRUD pages.

• University System API - Native PHP (REST), https://github.com/Seham-Mohsen-84/Summer-Training-NTI/tree/main/training_system_api, Converted system into RESTful endpoints (GET/POST/PUT/DELETE), input validation, JSON responses.

• ITI Summer Training - Exercises & Mini-projects, https://github.com/Seham-Mohsen-84/Summer-Training-ITI, Collection of daily tasks: PHP basics (Day 1–5), Laravel practice, HTML/CSS/JS components.
